

Louisiana Energy Conference

Bob Patterson
Managing Director

31 May 2018

WHO WE ARE

PREPARE (➤) — RESPOND (➤) — RECOVER (➤)

*ready***RESILIENT**TM

WHAT WE DO

Energy Sector – Oil & Gas

We're a leader in operational resilience for Oil & Gas:

- Regulatory and Compliance Subject Matter Experts
- Largest and most experienced full-time and contracted network of professional responders in the US.
- Incident Management, Corporate Crisis Management, and Business Continuity
- 250+ Oil & Gas Clients (Upstream, Midstream, Downstream) rely on Witt O'Brien's for Preparedness, Response and Recovery.

WHY ?

Because **Resilience** is a COMPETITIVE ADVANTAGE

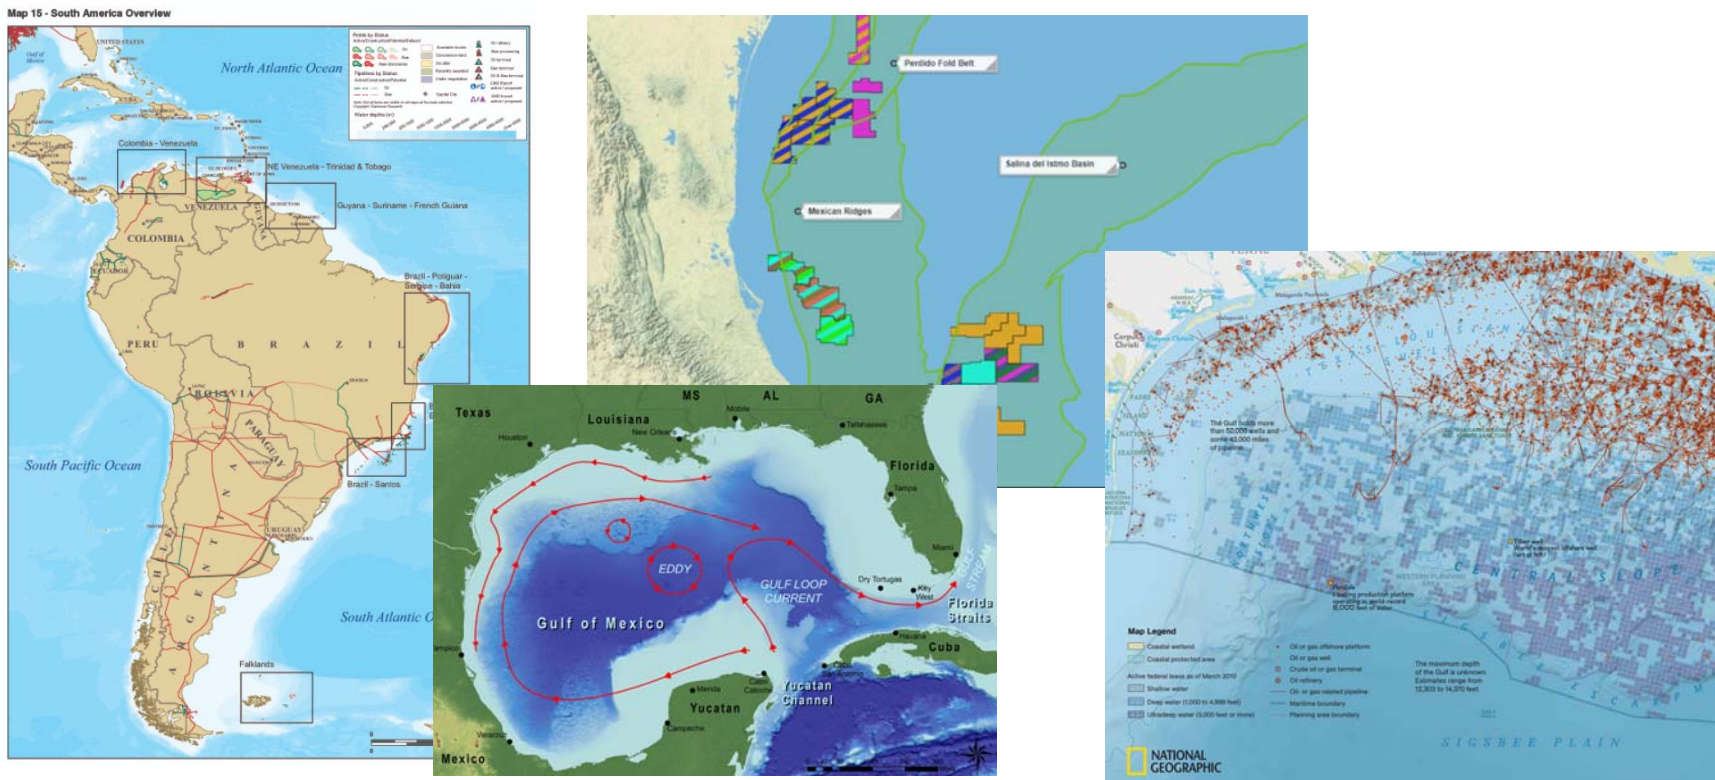

RISK = Impact x Probability
Resilience

If you are an Oil & Gas Operator...

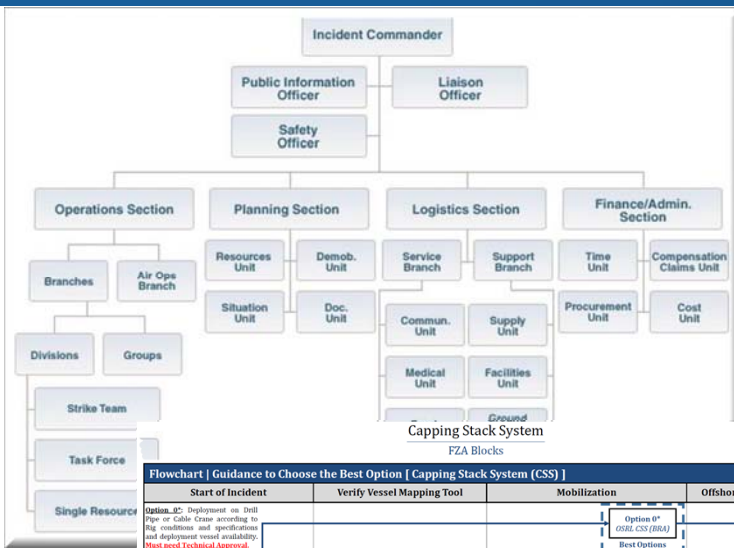

If you are a Private Equity, money source...

WOB's experience - International Offshore Activity

Offshore Preparedness & Response

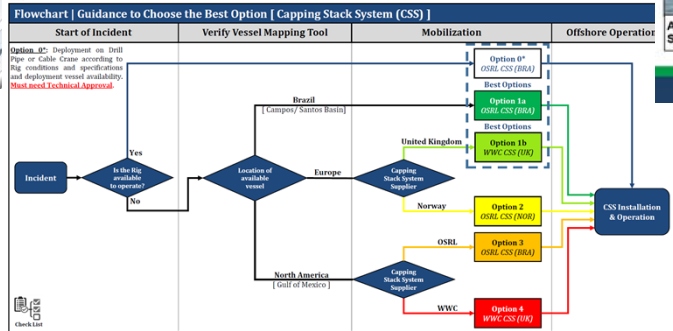

Witt O'Brien's (O'Brien's) – What Your QI/IC Does For You

As Your Qualified Individual and Incident Commander, O'Brien's **authorizes** and **manages** deployment of the **necessary** response resources and planned operations for the duration of an incident.

Aerial Tracking	Dispersants	Containment	Shoreline Protection	Shoreline CleanUp	AMPD, MMPD, WCD	▪ OSRO
Assess & Survey	Stabilization	Sustainment	Support Equipment	Special Operations	Marine Firefighting	
						▪ SMFF

Incident Briefing Documents and COMMANDER PRO interface. The interface shows a map, various data tables, and a workflow for incident response, including steps like 'Public Meeting', 'Prepare For Planning Meeting', 'Prepare For Task Meeting', 'Operations Meeting', 'Final Response and Assessment', 'Notifications', and 'Incident Report'.
